Ed:

Gary Schmitt has asked to see a report the DCI referred to at the last PFIAB meeting about comments by Soviet scientists on Soviet anti-SDI programs. Attached is the NIC Threat Outlook paper on the subject. Schmitt also asked if he could receive the Central American Monthly Report. He is familiar with it from his assignment on the SSCI.

Please let me know how to respond to Schmitt, whether we want to supply him with the documents or possibly only show them to him when he is in the building on 4 October.
